If you are a CA alumni, you almost certainly recall having Mrs. Crandall as a teacher. She has been a part of our faculty for all but the first two years! And she plans to be with us quite a few more years! She continues to include many of the same activities, projects and programs that you may remember from kindergarten or elementary music. While she sticks with the things she knows work to inspire children to learn, she is always looking for and incorporating new ideas into her instruction. Ask some of our more recent alumni about Zero the Hero, simple machine projects, and recorder karate to name a few.

Our Board of Trustees honored Mrs. Crandall on her 30<sup>th</sup> year of teaching by establishing the

## **Annette Crandall Scholarship Fund.**

This fund provides scholarship assistance to returning elementary students in K – 5<sup>th</sup> grade. A portion of our golf tournament and auction are dedicated to this fund each year. Direct donations through our annual giving campaign specifically designated for the Annette Crandall Scholarship Fund are also accepted. If you have special memories of Mrs. Crandall or of The St. Christopher School/Christopher Academy, we hope you will consider supporting this fund. We can think of no better way to honor our wonderful teachers and to foster a love of learning than to make certain that our students may continue to attend CA.

If you are a CA alumni, you may have been one of the over 700 students taught by Linda Morgan during her 22 year teaching career! Mrs. Morgan loves children and books; most of all she loves sharing a good book with a child. She fostered a love of reading as she introduced her young students to quality children's literature and the letters of the alphabet. Despite being considered the "strict" Pre-K Teacher, Mrs. Morgan was known for her tender heart toward her students as she made certain they were well prepared for kindergarten the next year.
