

Parent Volunteers

Parent Volunteers are a very important part of our school community. We encourage every parent to become involved in our school to the extent possible. Parents, teachers and administrators working in partnership makes a difference in the quality of the learning experience for our young students. There are many ways to be involved:

- Help your child's classroom teacher:
 - Be a room parent
 - Help with special projects and events specific to the class
 - Sign up to be an approved driver so you can drive on field trips
 - Offer to help with tasks such as cutting out items, making things for class, etc. from home
- Serve on a committee to plan a major event for the school:
 - Chair or co-chair
 - Be a member of the committee
 - Sign up to help with specific tasks needed to organize the event
 - Sign up to help the day of the event
 - Donate or solicit donations for specific events
 - Share your ideas and talents
- Help keep our school well maintained:
 - Help with regular raking of the playground mulch
 - Help on spruce up days when scheduled
 - Help clear snow and ice in the winter
 - Let us know you are a "handy man" or "handy woman" who can help out with simple repairs

Mark your calendars for these special PTO events:
