*Thank you for your continued support and belief in our mission— to provide a developmentally appropriate curriculum in a stimulating environment that fosters a love of learning.*

*With your exceptional generosity, every CA student can imagine every possibility for their future.*

# Christopher Academy Head of School Message

## *Imagine the Possibilities*

This year, we challenged our students, teachers, parents and supporters to “imagine the possibilities”.

For our students this challenge was easy.

Christopher Academy students have rich imaginations and wonderful goals.

They may become teachers, builders, or soldiers.

Some aspire to become professional football players or Olympic athletes.

Some may study to become doctors, nurses or pharmacists.

Others hope to become an architect designing buildings or an engineer planning bridges, roads and tunnels.

It is exciting to have a role in our students’ future as they grow, work to achieve their potential, realize their dreams, and imagine their possibilities.

At Christopher Academy, we believe the world is a better place because of the promise of our young students.

Thank you to all the individuals, families, businesses, and foundations for your generous support of Christopher Academy through both your donations and volunteer hours.

Thanks to your support, our teachers are providing a learning environment filled with rich experiences and opportunities to develop the skills and talents of our students.

Fostering a love of learning is our mission.

It will be exciting to watch our CA students grow into our future leaders.

I can’t wait to see what they will achieve.
